Hungarian speaker

PERSONAL PROJECTS

Grapplr - Jitsu Social

- Utilized React to build the front-end interface of the website to create a user-friendly platform for Jiu-Jitsu enthusiasts, which resulted in a functional and intuitive website for users.
- Incorporated Sanity to manage the content management system in order to efficiently organize and publish content on the website creating a streamlined process for managing and updating the website's content.
- Applied Tailwind to style the website to create a visually appealing and cohesive design for users, resulting in an attractive and unified look for the website.

FitHub

- Built a Fitness website in React, implementing advanced React Best Practices, including optimizing file structure and utilizing hooks, to enhance the functionality of the website in order to provide an "all-in-one" fitness platform.
- Employed Material UI version 5 to enhance the user experience and make the website more engaging for users.
- Integrated APIs from rapidapi.com to enable access to a library of over 1000 exercises with practical examples and detailed information, as well as facilitate access to related YouTube videos and display similar exercises.

EXPERIENCE

Social Media Manager/ Maintenance Director

GIC Logistics | March 2021 - Present

- Oversee the company's interactions with the public by implementing social media platforms content strategies by analyzing engagement data, creating industry-specific content, ensuring brand consistency, identifying trends in customer interactions, and planning digital campaigns to build an online community in order to drive brand awareness and customer engagement.
- Overhauled the Maintenance Program to maximize and optimize available resources and ensure industry-standard safety practices.
- Coordinate, schedule, and audit vehicle maintenance repairs including preventive, mechanical, and electrical repairs to tractors, trucks, and trailers, prioritize and assign work to meet customers' needs, ensure quality, compliance, and safety, and control the costs for repair, labor, and inventory.

Owner/Online Content Creator

Maramoo Productions | May 2017 - Present

- Produce, design, film, record, edit, and host a variety of online shows and other content including ad campaigns, podcasts, audio/video promos, interviews, short documentaries, reviews, ebooks, professional live streams, logos, and graphics.
